Greetings Everybody!

It is so exciting to revel in the summer with you, where every night is magnificent and special. Together we have created something unique in the world of Pops music and we can all be proud of that.

You're invited to a one-of-a-kind concert series where all summer long, we play the best, and at times the rarest gems from the Great American Songbook, and we do it with a lineup of stellar soloists from Broadway and beyond.

And then there's the beautiful gardens and the sublime surroundings provided by the L.A. Arboretum. At the Pasadena POPS, we do more than perform the best music – we do it in the absolute best place in town, under a canopy of stars.

This season, we bring you the music of Cole Porter, Broadway, Hollywood's MGM Movie Classics, Gershwin's *Rhapsody in Blue*, a special tribute to Elton John and so much more – including my personal "behind-the-music" stories about what makes each song so special and puts it in a fun context. So, drink in the music that makes life worth living while enjoying your picnics (perhaps with a glass of bubbly!) and make lasting memories with your friends and loved ones.

I'm looking forward to seeing you this summer at the Arboretum.
